At Llanfair Hall we want to make everyone's stay as enjoyable as possible and are committed to providing suitable access for all our guests, whatever their individual needs. We aim to accurately describe our facilities and services to give you the confidence to book the right cabin for your specific requirements. The pods which measure 5m x 3m have very limited access to their bathrooms, therefore we would recommend that guests hire our log cabin instead.

The owners live on site and are therefore available most of the time. We have mobile signal of 4G on site, but if you cannot access it, then the owners' landline telephone may be used in an emergency.

### The Pods – Cribinau, Lawd and Llanddwyn

These pods are located in a small level area, covered with wood shavings. The parking area is adjacent to this field made from stone chippings and no further from 30 metres from each pod. There are 2 steps up to the pods and then a step over the threshold into the pod – the doors can be pinned back to allow for easier access.

The pods are strictly non-smoking and allow dogs with the exception of Llanddwyn. All bedding is non-allergenic.

There is effectively one living room/bed area with a separate tiny bathroom (containing loo, washbasin and shower) that is not accessible by wheelchair. The bed is surrounded on 3 sides by walls. There is a kitchen area with sink, kettle, low level fridge and microwave. There is a Freeview TV/DVD with remote control and an ample seating area.

## **The Pods – Dulas and Tysilio**

These pods are located in the corner of a large field, accessed by paths covered in stone chippings. The parking area is adjacent to this field on a concrete/stone chippings base and no further from 40 metres from each pod.

There are 2 steps up to the pods and then a step over the threshold into the pod – the doors can be pinned back to allow easier access.

The pods are strictly non-smoking and allow dogs with the exception of Llanddwyn. All bedding is non-allergenic.

There is effectively one living room/bed area with a separate tiny bathroom (containing loo, washbasin and shower) that is not accessible by wheelchair. The bed is surrounded on 3 sides by walls. There is a kitchen area with sink, kettle and a ground level fridge. There is a Freeview TV/DVD with remote control and an ample seating area.

### **Field Kitchens**

Incorporating a cooker, toaster, kettle, catering sinks, these 2 field kitchens have double doors for easy entry.

## The Log Cabin - Seiriol

At Seiriol we want to make everyone's stay as enjoyable as possible and are committed to providing suitable access for all our guests, whatever their individual needs. We aim to accurately describe our facilities and services to give you the confidence to book Seiriol and know that it is suitable for your specific requirements.

Seiriol is in its own field and private parking is available on 2 sides of the cabin, the outside area is constructed from stone chippings with a permanent concrete ramp up to the wide patio that expands across the front of the cabin. The entrance is accessible via a pair of double doors that can be pinned back for easier access over a small lip at the door. When you arrive, we are happy to help you with your luggage.

The double bedroom is small and it is not possible to be accessed on all sides by a wheelchair and is therefore more suited to a part-time wheelchair user. The bedroom has a window, a ceiling light, bedside lamps and natural daylight. There is another bedroom which is in the crog loft and accessed by a ladder, the owners recommend that guests with children ensure that they are capable of climbing this ladder and if not, that the ladder is removed for the duration of their stay.

The whole log cabin is non-smoking and has non-allergic bedding. There is a Freeview TV/DVD with remote control and an ample seating area.

The large bathroom is all on one floor and has a large accessible walk-in shower. There are no grab handles in the bathroom.
